

Strong Ambitions

Emmett Strong Westerns, Book 3

When the only way out of trouble is to ride smack-dab back into it, Emmett Strong is the man you want at your side. Tidy Benficklin, Texas, hires Strong to keep blood-spilling rowdies out of their brand-new town. But when the ravaged body of a young, murdered Mexican girl is found lying in the middle of Main Street, Strong dares not turn his back—even on the very cornerstones of Benficklin's society.

GP HUTCHINSON fell in love with the Old West decades ago—the gritty reality of the era, the daunting yet breathtaking scope and scale of the land, and the colorful (if somewhat fanciful) tales of heroes and heroines who overcame the odds. Texas was his home for a few years, and subsequent visits to states throughout the West only served to deepen his enthusiasm for the region and his appreciation of its people. In 2015 he published his first Western novel, *Strong Convictions*, which won him the Western Fictioneers Peacemaker Award for Best First Western of that year, as well as a National Indie Excellence Award.

A graduate of Louisiana State University and Dallas Theological Seminary, Hutchinson has lived in Costa Rica and Spain. He currently resides in upstate South Carolina with his wife, Carolyn. Besides writing, he enjoys spending time in the mountains and horseback riding whenever the opportunity arises.
