## A Song of Scotland

By the author of the critically acclaimed novel, *Casting Lots*, William D. McEachern, *Caledonia: A Song of Scotland* is his second historical novel. *Caledonia* is the epic tale of Scotland's struggle to become an independent nation. In the process, the story of Scotland is revealed in its people, the Picts, the Irish Missionaries, the Norsemen, and the Highland Clans. All the natural beauty and wonder that is Scotland are captured for the reader's enjoyment, from the wind-swept Isle of Skye through the Highlands with its towering bens, with numerous waterfalls, across the moors, purple with heather, and dotted with sheep and the lowing, ruddy Highland cattle, to the reflecting waters of the lochs, some mysterious and mist-laden, like Loch Ness, or picturesque, like Loch Lomond. Told from the viewpoint of one clan—the MacDonalDs of Clanranald—the reader is swept along through the major events in the history of Scotland, from the writing of the Declaration of Arbroath in 1320, the Massacre at Glencoe by the Campbells, the MacDonalDs greatest enemy, through the Rising of 1745 under Bonnie Prince Charles' to the decisive defeat at The Battle of Culloden and the bloody Highland Clearances under William, the Duke of Cumberland. *Caledonia* acquaints the reader with why so deeply ingrained in Scotland's national psyche is its fight for freedom, both political and religious. *Caledonia* is the first novel in the series which will tell the story of the Scots not only in Scotland, but also in America.
